# Work Experience:

**Mobile Developer - TechSolutions Inc., Jakarta, Indonesia | August 2015 - Present**
- Designed and developed innovative mobile applications for Android and iOS platforms.
- Collaborated with the UI/UX team to create user-friendly and visually appealing mobile app interfaces.

- Integrated RESTful APIs to ensure seamless data flow and real-time updates.
- Conducted mobile app testing, debugging, and performance optimization.
- Implemented version control and worked in an Agile development environment.
- Worked with cross-functional teams to deliver high-quality and user-centric mobile apps.

**Mobile Developer Intern - XYZ Mobile, Jakarta, Indonesia | May 2014 - August 2014**
- Assisted in mobile app development and maintenance tasks.
- Worked closely with senior developers to learn best practices in mobile app development.
- Participated in mobile app testing and debugging procedures.

# Projects:

- E-commerce Mobile App - Developed a user-friendly e-commerce mobile app for Android and iOS using React Native, allowing customers to browse products, make purchases, and track orders.
- Social Media App - Created a social media app for iOS using Swift, featuring user profiles, photo sharing, and real-time messaging.
- Cross-Platform Expense Tracker - Built a cross-platform expense tracker app using Flutter, enabling users to manage and track their expenses on both Android and iOS devices.

# Languages:

- Indonesian (Native)
- English (Fluent)

# Interests:

- Exploring emerging mobile technologies
- Contributing to open-source mobile app projects
- Outdoor activities and sports
- Volunteering for tech-related initiatives
