Skills:

- Programming Languages: Java, Python, PHP
- Web Frameworks: Spring Boot, Django, Laravel
- Database Management: MySQL, PostgreSQL, MongoDB
- RESTful API Development
- Version Control (Git)
- Cloud Computing (AWS)
- Agile Methodologies
- Problem-Solving and Troubleshooting
- Strong Analytical and Logical Skills

Work Experience:

Backend Developer - TechSolutions Inc., Jakarta, Indonesia | August 2010 - Present
- Designed and developed a robust and scalable backend system for a large e-commerce platform.
- Collaborated with the front-end team to ensure seamless integration between the front-end and back-end.

- Optimized and maintained databases to ensure data consistency and integrity.
- Implemented security measures to protect user data and maintain compliance with industry standards.
- Participated in code reviews, debugging, and troubleshooting to maintain software quality.
- Worked with cross-functional teams to deliver high-quality software products.

Backend Developer Intern - XYZ Software, Jakarta, Indonesia | May 2009 - August 2009
- Assisted in developing and maintaining server-side applications.
- Collaborated with senior developers to learn best practices in backend development.
- Participated in debugging and testing to ensure the functionality and performance of web platforms.
- Gained experience in database management and optimization.

Projects:

- E-commerce Platform - Developed a high-traffic e-commerce platform using Java and Spring Boot, managing product listings, user accounts, and payment processing.
- Social Media Analytics Tool - Created a Python-based tool to analyze social media data, providing insights to marketing teams.
- Content Management System - Built a custom CMS for a client using Laravel and MySQL, enabling them to manage their website content efficiently.

Languages:

- Indonesian (Native)
- English (Fluent)

Interests:

- Open-source software development
- Learning new technologies and programming languages
- Hiking and outdoor activities
- Volunteering for tech-related initiatives
